KXZ-W10

Pressure-Applied Synchronous Tape Wrapping Machine

Equipment parameters:

Model	KXZ-W10
Applicable Product Size	EE10 - EE50
Overall Dimension	Length 43cm, Width 50cm, Height 45cm
Net Weight	20KG
Power Supply	220V
Power	200W / 24V
Air Pressure	0.4 - 0.5MPa
Control Method	Foot Switch / Push Button Switch

Product Features:

· Automatic tape application and wrapping.

· Upper and lower motors run synchronously for tape wrapping and pressing.

· Automatic tape take-up, with selectable angles (0°, 90°, 180°, 270°) and adjustable wrapping turns.

· Universal for all electronic product transformers.

· Automatic fixture size adjustment to boost production efficiency.

· This machine is equipped with a pressing-rotating assembly and a large turntable assembly, effectively solving the problem of low efficiency in manual tape wrapping.

PACKAGING:

Packaging Material: Carton/Wooden case with foam inside.
1.General package(Paper carton or plastic bag): For small euipped parts for Hook Type Transformer Winding
Machine, Package it with form and pack paper to guarantee unbroken during the transport.
2.Wooden case package: For larger scale Hook Type Transformer Winding
Machine,we have special skilled
carpenter, who would make the proper wooden case with exact thickness,density,length. The up arrow ↑marked on the outer wooden case. Buffer material would be put in the wooden cas e to prevent crack and shock.

FACTORY:

We, KIOXIA LIGHT RING EQUIPMENT GROUP CO.,LTD. have been experts in winding machine lines for 28 years, with our sophisticated product range including high-precision equipment like the KX-100J 8-Axis Stranded Wire Winding Machine—an advanced 8-axis solution engineered for intricate stranded wire winding operations, showcasing our technical expertise in multi-axis coordinated control technology.

Our KIOXIA LIGHT RING brand holds authoritative certifications and recognitions,

including ISO9001:2015, CE approvals, multiple machine patents (covering key innovations in models like the KX-100J 8-Axis Stranded Wire Winding Machine), and the official designation of "high-tech enterprise" by the government. These credentials fully validate the reliability, precision, and technical excellence of our entire product portfolio, reinforcing our commitment to delivering professional, high-performance winding equipment solutions.
